Choirokitia and Lefkara

Larnaca district features some of the most picturesque sites and villages in Cyprus.

The first visit will be made to **Choirokitia Archeological site** which is a well preserved settlement dating back to the Neolithic Era and one of the most important prehistoric sites as its remains. The excavations there have thrown much light on the evolution of human society in this key region.

During the second part of the trip, we will visit **Lefkara** village. Lefkara is famous all over the world for its hand- made lace which since 2009 is in UNESCO's representative List of Intangible Culture Heritage of Humanity.

Strolling in the narrow cobbled streets, we will be able to see the connected yet distinctive constructions which are made of the distinctive "Lefkara Stone" and look like fortresses. The carved arc is one of the most common characteristics of Lefkara traditional architecture. In the heart of the village, there is **the church of the Holy Cross** which dates back to the 14th century AD. During our trip, we will also visit **the Museum of Folk Art Embroidery and Silversmithing**. The museum is a 19th century mansion where time has stopped and everything reminds the visitor of the past. The pride of the museum, however, is the old collection of the 19th century 'Lefkaritiko Lace' embroideries.

Finally, we will also have the pleasure to try specialties of the village like 'tava' and other traditional meat meze dishes during our lunch in one of the charming traditional taverns.
