## 15<sup>th</sup> Mediterranean Conference on Power Generation, Transmission, Distribution and Energy Conversion

● 03 - 06 November 2026 ● Paphos, Cyprus

● Coral Beach Hotel & Resort

<https://cyprusconferences.org/medpower2026>

### ABOUT

The 2026 Mediterranean Conference on Power Generation, Transmission, Distribution and Energy Conversion will be held from the 3<sup>rd</sup> to the 6<sup>th</sup> November 2026, in Paphos, Cyprus. The conference belongs to the series of bi-annual conferences which take place in the Mediterranean region and have established a major energy platform in the region in the last 30 years.

The 15<sup>th</sup> international MEDPOWER conference is organized by FREDERICK University and the IET Cyprus local network, with the support of the IET Greece and Malta networks, with the Technical support of the IET.

MEDPOWER 2026 will provide the opportunity for engineers, scientists, technicians, researchers, scholars and companies to exchange ideas and discuss the latest research achievements in academia and industry. The conference also aims to provide a forum to create opportunities for networking and collaboration through a series of presentations, talks, exhibitions and special sessions.

The conference will cover all aspects of power system design, operation, and planning, including AI and digitalisation in energy systems as well as energy communities.

Following full paper submission and peer review process, performed by international reviewers, all presented papers will be included in the conference proceedings published on IET Digital Library, IEEE Xplore and will be submitted for consideration to Scopus.

The conference is held under the auspices of the Ministry of Energy, Commerce and Industry of the Republic of Cyprus and will be formally addressed by the Minister, Mr. Michalis Damianos.

### IMPORTANT DATES – DEADLINES

Full paper submission: **15 June, 2026**

Notification of full paper: **16 August, 2026**

Camera ready submission: **21 September, 2026**

Advance registration: **01 October, 2026**

### CONFERENCE CHAIRS

Alexis Polycarpou, Frederick University, Cyprus - Conference Chair

Venzelos Efthymiou, University of Cyprus, Cyprus - Conference Co - Chair

Andreas Poullikkas, Frederick University, Cyprus Conference Co - Chair

Host Organisations

Under the Auspices of:

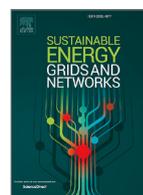

Coordinated by:

### CONFERENCE TOPICS

- Sustainable, Renewable and Alternative Energy Technologies
- Energy Storage
- Power-system Protection
- Electric Power Transmission and Distribution
- Energy Markets, Policies and Economics
- Smart Grid Technologies
- Power Electronics
- E-Mobility
- Power Quality
- Energy Efficiency
- Reliability, Security and Resiliense in Power Systems
- Distributed generation and microgrids
- Power system Operation and Planning
- Information, Communication and Energy Technologies
- Electric machines and drives
- Energy Management Systems
- AI and Digitalisation in Energy Systems
- Power Engineering Education
- Energy Communities
- DC Systems

### SPECIAL ISSUE Journal publications

**Sustainable Energy, Grids and Networks (SEGAN)**

**IET Generation, Transmission & Distribution (IET GTD)**
