Call for Papers

PRIME holds the pivotal role of a conference where PhD students and post-docs with less than one-year post-PhD experience, have the opportunity to present their research results to experts from industry, academia and research. PRIME 2024 will feature a conference program reflecting the wide spectrum of research topics in Microelectronics and Electronics, connecting various research fields. Furthermore, the conference will feature keynote talks, exhibits and social events. PRIME 2024 is seeking original papers in the areas provided below. PRIME 2024 is technically co-sponsored by IEEE CAS Society and all accepted papers will be published in IEEE Xplore.

Areas of Interest

- Micro/Nano Electronics
- Semiconductors
- Analog/Digital Signal Processing
- Computer Aided Design
- Analog/Digital/Mixed/RF IC Design
- Asynchronous Digital Circuits
- RF, Microwave, mm-wave Circuits
- Biomedical Electronics
- Sensors and MEMS
- VLSI and SoC Applications
- ASIC Designs
- Energy efficient circuits
- Electronics for ICT systems
- Electronics for metamaterials

Venue

PRIME 2024 will be held in presence at Radisson Beach Resort in Larnaca, Cyprus

Company Fair

A Company Fair will be held at the conference venue to promote networking and cooperations with industries.
